(Free and reduced lunch students – no charge)

Garber Summer School e2020 Credit Recovery

Online Credit Recovery Courses are available for one semester of credit through e2020 in all core subject areas for classes a student has failed.

- **36 Computer Lab hours are required.**
- **Attendance is mandatory.**
- **A teacher will be available for assistance during these hours.**

Guidelines for Receiving Credit during Summer School

1. Students must maintain adequate progress to receive credit.
2. At the end of each summer school session, students must have completed at least 70% of their course work and maintained at least a 70% grade. If this criteria is met, **CREDIT** will be awarded.
3. If students have a minimum grade of 60%, and 70% of their course work completed, an extension will be given and the student may complete the course on their own time. This must be completed before one week prior to the beginning of the fall semester. If at that time they have completed at least 70% of their class and maintained at least a 70% grade, **CREDIT** will be awarded.
4. If the student has not completed at least 60% grade and at least 70% of their course work by the end of the 36 hours, **NO CREDIT** will be given for summer school. The student may complete the course during the 2019-20 school year on e2020 and earn credit, if their schedule allows for the online class. (Please see your counselor)

5. If extenuating circumstances occur and a student misses mandatory class during the 36 hours, the absence(s) must be approved by Administration. If approved the student must complete all missed work on their own before the end of the 36 hour session they are registered in. If progress is not maintained and the student has not reached 70% grade and at least 70% of course work by the end of their session, **NO CREDIT** will be awarded for summer school.

***Note:** The \$60 fee will cover as many courses the student can complete in one 36 hour session. Only one course will be open to the student at a time. A course not completed in Session I can carry over to Session II, however, the student will have to pay another \$60 per session. A course not completed in Session II can be carried over to the school year and must be completed in 2019-20 school year. (This does not guarantee you an online course in your school schedule, please see your counselor)*

Disciplinary issues will not be tolerated and the student will be immediately removed from summer school without a refund.
